**Subject No. 235.**

**Disbursement of pay of Hobli School Masters.**

Mr. Nadig Sivappa of Sorab.

*Summary of Representation.*—Much inconvenience is felt by Hobli School Masters by not getting their pay in time. The present system of paying their pay through Sheikdars entails delay. It is prayed that the pay of Hobli School Masters may be paid to the Head Master of Taluk Anglo-Vernacular School on the 1st of every month, for distribution to the respective school-masters through his peon.

*Reply of Government.*—The pay of Hobli masters is being disbursed with the least practicable delay. The suggestion means a reversion to the old practice which was superseded as unsatisfactory.

**Subject No. 236.**

**Technical Education.**

Mr. C. Srinivasa Rao.
,, Vasudeva Rao

*Summary of Representation.*—Students may be sent to England and America to receive Technical Education in improved methods of practical agriculture and the use of labour-saving machines.

Mr. C. Srinivasa Rao said that specimens of improved Agricultural implements may be obtained for inspection of raiyats.

*Reply of Government.*—The suggestion to send students to America to study agriculture is deserving of consideration. Twenty students are being sent elsewhere to learn what cannot be taught in Mysore.

**Subject No. 236A.**

**Industrical Education in Hobli Schools.**

Mr. Linge Gowda of Nagavala, Mysore Taluk.

*Summary of Representation.*—Industrial Education may be provided in Hobli Schools.

*Withdrawn.*

**Subject No. 237.**

**Weaving class at Melkote.**

Mr. T. Thirunaranal yengar for the Yadugiri Sadananda Vardhini Sabha at Melkote.

*Summary of Representation.*—The Government have established weaving classes at Hole-Narsipur, Dodballapur and elsewhere. Melkote contains as many, if not more, weavers as the above places. The Industrial school at the place is not in a position to encourage the weavers. It is therefore requested that Government may be pleased to establish a class to teach weaving.

*Reply of Government.*—The Inspector General o Education will be asked to consider this suggestion.

**Subject No. 238.**

**Term certificates for the Lower Secondary Examination.**

Mr. S. R. Balakrishna Rao, Advocate.

*Summary of Representation.*—Candidates for this examination are required to obtain term certificates. This is an unnecessary restraint imposed on the young boys. It deprives many a young student of the chance of appearing for the examination which he may have every hope of passing.

*Reply of Government.*—The principle of enforcing attendance is good, as it teaches young boys habits of regularity. It is open to candidates who cannot attend a school to appear as private candidates.
